**AFFIDAVIT OF [REDACTED] (AN AIS L.)**

STATE OF WISCONSIN )

 \_\_\_\_\_ COUNTY )

I, [REDACTED] being duly signed and sworn, states as follows:

1. I am an adult resident of the State of Wisconsin.
2. To protect my privacy, I am proceeding in this matter under the pseudonym "Anais L."
3. I believe that I have the right and should have the legal authority to make decisions about whether or not to have a child, including the right to make decisions about whether or not I will carry a pregnancy to term.
4. I am a female of child-bearing years. Although I have been diagnosed with polycystic ovary syndrome, this medical condition does not prevent me from becoming pregnant.

5. I received an abortion for an unintended pregnancy in 2016.
6. At the time I became pregnant, I did not believe that I could become pregnant without the assistance of fertility treatment because I of the polycystic ovary syndrome diagnosis.
7. I became pregnant with my then-boyfriend. I did not wish to have children with him, and he did not wish to have children with me. My boyfriend immediately suggested I obtain an abortion. I understood that to mean he would not be a supportive father to the child.
8. At the time I became pregnant, I was studying at a local technical college to become a substance abuse counselor and working a low wage, part-time job as a restaurant server. I was struggling to support myself financially.
9. I knew my studies in substance abuse counseling would require a Bachelor's degree, and I intended to transfer to a four-year university upon completion of my Associate's degree. I understood that my university coursework would be difficult, time-intensive, and expensive.
10. Ultimately, I decided to obtain an abortion because my boyfriend was unsupportive of the pregnancy, and I did not believe I could complete my education, begin my intended career path, and financially support myself and a child if I were to continue the pregnancy.
11. I have no doubt that obtaining an abortion was the right decision for me.

12. Following my abortion, I did complete my Bachelor's degree and I now work full-time in a professional position. I am still confident that I could not have completed my education and undertaken my career if I had had a child.
13. I have had no children since, and I do not wish to have children. I take affirmative measures to prevent pregnancy.
14. If I were to become pregnant again unintentionally in the future, I would consider obtaining an abortion.
15. I provide this affidavit in support of the Petition to the Wisconsin Supreme Court to Take Jurisdiction of an Original Action filed by Planned Parenthood of Wisconsin, et al.
