**AFFIDAVIT OF [REDACTED] (JENNIFER S.)**

STATE OF WISCONSIN )  
 ) ss  
\_\_\_\_\_ COUNTY )

I, [REDACTED], being duly signed and sworn, states as follows:

1. I am an adult resident of the State of Wisconsin.
2. To protect my privacy, I am proceeding in this matter under the pseudonym "Jennifer S."
3. I believe that I have the right and should have the legal authority to make decisions about whether or not to have a child, including the right to make decisions about whether or not I will carry a pregnancy to term.
4. I am a female of child-bearing years. I have no medical condition that would prevent me from becoming pregnant.
5. I received an abortion for an unintended pregnancy in 2008.

6. At the time I became pregnant, I was working as a full-time registered nurse (R.N.) in an intensive care unit. I had also applied to a Master of Science degree program to become a family practice nurse practitioner, and I was awaiting my acceptance results.
7. I became pregnant with my then-boyfriend shortly before our relationship ended. I did not wish to have children with him.
8. Around the time I learned I was pregnant, I also learned that I had been accepted into my graduate program to become a nurse practitioner. I planned to continue working full-time as an R.N. while attending the graduate program in order to finance my tuition, which would total approximately \$40,000.
9. Ultimately, I decided to obtain an abortion because I knew I would not be able to complete my education to become a nurse practitioner if I were to have a child, and because I did not wish to have children with a man whom was no longer in a loving relationship with me.
10. I believe that obtaining an abortion was the right decision for me.
11. Following my abortion, I did complete my Master of Science while continuing to work full-time as an R.N. However, the clinical hour requirements for the program were so great that I did have to reduce my

R.N. work to part-time during my final semester. I am confident that I could not have completed this advanced degree if I had had a child.

12. I am now a nurse practitioner [REDACTED]

13. I have since married. My husband and I have had no children together, and we do not wish to. My husband has several children from a previous marriage, whom I have helped to raise and support. I take affirmative measures to avoid pregnancy.

14. If I were to become pregnant again unintentionally in the future, I would consider obtaining an abortion.

15. I provide this affidavit in support of the Petition to the Wisconsin Supreme Court to Take Jurisdiction of an Original Action filed by Planned Parenthood of Wisconsin, et al.

Signed and sworn to before me  
this 20 day of Feb, 2024.
